Subject: FW: notification to the Corps re: FL assumption
Attachments: Final FL Assumption - Notification to the Corps.pdf

Hello, Florida team –

FYI, the letter notifying the Corps that we have determined Florida's package requesting 404 assumption to be complete was signed and issued Friday (8/28). (Note, this is only a determination about completeness of the submission, not its merits.) I'm attaching so you see our communications that include Shawn Zinszer of Jacksonville District. You might start getting more questions from Corps colleagues. EPA has until December 17, 2020, to make the decision to approve or disapprove. As you can see in Tom's message below, any comments from the Corps are due November 17, 2020 - that's 90 days for agencies (Corps, FWS, and NMFS) to comment, per the regs.

~ Rosemary

P.S. In case anyone notices, we did address the mistake in Ryan Fisher's email address and ensure he received the email.

Subject: transmittal of letter regarding Florida's request to assume administration of CWA 404 program

Good afternoon!

Attached to this email is a letter that provides notice that on August 20, 2020, the EPA received a complete package from the State of Florida requesting to assume administration of a Clean Water Act (CWA) Section 404 program. As stated in the letter, the EPA invites you to review Florida's request and provide comments to the EPA no later than November 17, 2020.

The attached letter includes a link to a OneDrive folder that contains the electronic files that comprise Florida's program submission request. Please note, you may receive a separate email that notifies you that you have access to this OneDrive folder. If there is anyone from your office beyond the recipients of this email that wishes to have access to the OneDrive folder, please send their names and email addresses to 404Assumption-FL@epa.gov. If you have any questions please let us know.
